

Job Opportunity in beautiful Prescott, Arizona

Jay's Bird Barn is a family owned specialty retail store serving northern Arizona with two locations: Prescott and Sedona.

Jay's Bird Barn is a wild bird and nature store—dedicated to (1) the hobby of attracting birds to your yard, and to (2) helping people become proficient at bird identification, both at home and in the field. Jay's Bird Barn is not a pet store. We do not sell any products for domestic birds.

Our emphasis is education—providing friendly, knowledgeable service about the identification, behavior and wonder of birds.

Jay's Bird Barn sells optics, field guides, apparel and supplies to attract birds to your yard such as bird houses, bird seed, bird feeders, hummingbird feeders, bird baths, etc.

The owner of Jay's Bird Barn is Eric Moore, a BYU graduate and a life-long birder who is passionate about sharing his love of nature and birds with his customers. Eric writes a weekly column on birds in the Prescott newspaper, the Daily Courier (prescottaz.com). He also leads bird walks and teaches classes.

Due to growth, Jay's is looking to hire a full-time manager for the Prescott store location. The qualities we are looking for include, but are not limited to:

- Friendly personality, outgoing, excellent people and customer service skills
- Knowledgeable about wild birds; a passion and love for the outdoors and nature
- Honest, reliable, dependable
- Hard working and physically strong—capable of unloading seed trucks, moving product in the store
- Flexibility in their availability
- Possesses an eye for merchandising, creativity, store décor
- Previous retail experience is desirable, but not required
- Embraces technology, utilizes social media to promote events

This is a salaried position based on a five-day work week, includes working on Saturdays—we are closed on Sundays.

Pay Range: \$36,000-\$48,000

Annual raise, bonuses, free product (optics)
